REVENUE DEPARTMENT.

* 202. Will the Hon. the Minister for Revenue be pleased to state:-

(a) whether the Government are aware that in South Kanara the temples of Sri Mahalingeswar of Padubidri and Sri Subbaraya of Padebettu respectively are also to be paid allowances or "Tasdiks";

(b) whether it is a fact that such allowances or "Tasdiks" have not been paid to the above-mentioned institutions either directly or otherwise for the past two years and that as a result the lands of the two said temples have been sold in Revenue auctions for arrears of assessment?

(c) what objections, if any, the Government have to pay such allowances or "Tasdiks" directly to the institutions and discontinue the existing practice to save the temples from losses?

Board's Reference No. A. 4848-38-1 dated 10-8-38.

The allowances due to the two institutions in question are not payable in cash by the Government but are paid by assignment of land revenue on certain wargs. The amounts are treated as remissions on those wargs and the trustees of the institutions have to recover the sums from the holders

of

of those wargs.

2. Lands comprised in the holdings standing registered in the names of the two institutions were sold in 1936 and 1937 for recovering the arrears of land revenue due from the -- holdings. Similar action is being taken in respect of the arrears due for fasli 1347.

Board's Ref.I.No.5509-38.1 dated 14-11-38.

The system of converting assignments of revenue into beriz deductions on applications from the trustees of the institutions

institutions has been in vogue in this district ever since the Settlement. Although para 18 of G.O.No. 757 Rev., dated 25--8--1902 does not indicate that this system was to be continued during the currency of the Settlement, yet it is clear from B.P.No. 3133 Mis. dated 2-9-1904 passed subsequent to the Settlement that it was considered to be still open to the assignees to relinquish the land revenue assignments and receive their dues by way of Beriz deductions. This position was restated in this office Ref. C. 2976 Rev. 12 dated 3-3-1913 and the Board in its Proceedings No. 1607 Mis., dated 16-4-1913 concurred with the Collector's views.

The warg is the unit of assessment in the South Kanara District. Originally the exact extent and boundaries of each warg were left undetermined but at the settlement of the District in 1902-05 the sub division was taken as the unit for purposes of settlement. The warg, then, is merely the ryotwari holding comprised in a Survey No. or sub division. Holders of assessed lands included in wargs formed prior to Fasli 1276 enjoy Kumaki privileges i.e. the privileges of grazing cattle, cutting firewood, collecting leaves etc. for their own agricultural and domestic purposes on adjoining Government waste land within a distance of 100 yards.

p 23 of ibid

para 16 p 28 of (A)

2. As regards the nature of inams in the South Kanara District, attention is invited to paras. 44-51 of the Collector's report at pp.149-153, and paras. 45-46 of B.P. at pp.196-197 and para.18 of the order at pp.222-23 of G.O.No.757 Revenue, dated 25-8-1902. These were originally grants of the revenue from certain wargs of undefined extent and location. In the inam settlement of the last century, the warg from which the inamdar was entitled to get his assignment was defined and one of the following three courses were adopted:-

(A)

para 50 at p 151 of Go No 757 25-8-1902 (A) 1

(1) If the amount of inam was large, it was made up by assignment of assessment of several wargs;

(2) If the inams were small, the assessment of a single warg was assigned in payment of several inams;

(3) In some cases, only a portion of assessment of a single warg was assigned and the remaining portion thereof allowed to be paid to Government.

p 152 of ibid

The grantee of the assigned revenue had no choice in the matter of accepting the system of assignment. As regards the choice of particular lands

for particular assignments, this was also arranged by the Collector, though the grantee was consulted only as regards the suitability of the proposed specific assignments to his convenience. A considerable proportion of these assignments was subsequently converted into beriz deduction. At the time however, of the settlement of 1902-05 a total amount of Rs.44,436-5-7 had still to be converted into beriz deduction. The question whether the assessment on these holdings could be revised at settlement was then considered. The Government agreed with the Collector and the Board that the wargs on which these grants were charged should be classified and assessed like the other lands of the District and directed that if the persons in enjoyment of the grants - refused to receive them in future in the shape of beriz deduction, then the difference between the settlement assessments and the assignments should alone be collected from the wargdars concerned and credited to the Government.

para 18 at p. 222-223 in F

3. In the case dealt with in this file, the institution in question apparently did not choose to convert the assignment of revenue from the wargs into a fixed beriz deduction and the institution has, therefore, to collect the revenue from the wargdar and it has apparently not been able to do so. The complaint is that on this account the institution has not been able to pay the assessment due to the Government on certain other holdings on which - assessment is payable to the Government and that these holdings have been brought to sale for arrears of assessment. As far as may be gathered, the institution has apparently only itself to thank for failure to convert the assignment of land revenue into fixed beriz deduction when it had the opportunity
